PROFILE

I am a fourth-year Computer Engineering student with a current **GPAX of 3.51**. I have a strong interest and hands-on experience in both **frontend** and **backend development**, along with a foundational understanding of **cybersecurity**. Throughout my academic journey, I have participated in several projects.

PROJECTS

A capstone project on Honeypot Systems   Frontend Backend Cybersecurity   **July 2025 - Present**
- designed to **detect malicious activity** against **decoy** systems, visualize the data through a **dashboard**, and provide an integrated **AI chatbot** for interaction.
- **Using :** React , TypeScript , Nodejs , Express.js , JavaScript , Prisma , Python , HTML , CSS , SQLite

A shopping mall management website   Full stack developer   **Nov 2024 - Jan 2025**
- **Developed stall booking, payment, and event management features**
- Implemented user profiles, email notifications, and modern **dashboard UI**
- **Deployed** on **DigitalOcean** with **Docker** for containerized production setup
- Contributed to core feature development across the platform
- **Using :** React , TypeScript , Golang , Postman , GitHub , Figma , draw.io , SQLite

Online Movie Streaming Platform   Full stack developer   **July – Sept 2024**
- **Built watch history**, **homepage**, and core platform features
- Designed **ERD for structured** database planning
- Collaborated with team using version control
- Using : React , TypeScript , Golang , GitHub , antd , Bootstrap

Flower Shop Management System   Database-Driven Application   **Mar – Jun 2024**
- **Designed ER diagram** and managed MySQL database
- Hosted local server using XAMPP
- Developed UI and application in C# using Visual Studio 2022
- Using : **C#** , MySQL

SKILLS

WEBSITE	BACKEND	LANGUAGES	OTHER
React , HTML CSS , ant design, MUI , Bootstrap	Nodejs , Golang , Prisma , express.js MySQL , PostgreSQL , SQLite	Python , JavaScript, TypeScript, C , C# , Java	GitHub , Postman , ESP-32, Figma , draw.io,premiere pro , Touch typing (agv60wpm)

EDUCATION

Bachelor of Computer Engineering   **2022-Present**

School of **Computer Engineering** | Suranaree University of Technology **GPAX 3.51**

Relevant Coursework **:** Software Engineering , System Analysis and Design , Advanced Cyber Security
